DIRECTIONS:

2012 SLC Adviser & Chaperone Duty Information

Purpose of Form:

To determine what duties can be assigned to what adult.
It takes a great number of people to make the SLC run smoothly. This cannot happen without the help of you as an adviser and your chaperones that are attending the conference.

Reason to Know:

Every effort will be made to not over tax any one individual yet to still make all attending to feel part of the conference. By knowing what interests each individual has or duties already pre-assigned but unknown to this office, the best assignments can be made for each person without inadvertently doubling up.

INSTRUCTIONS:

Fill in the chapter, contact and day phone number information.

Fill in your adviser information. Below is a list of duties and events where additional help is needed. If you are fortunate enough to have a second adviser, please indicate their information.

Fill in the information that you have on each of your chaperones. Make use of the same list of duties and events. If you are using your bus driver as a chaperone AND you are not using your bus to help out on Monday with tours and events, the bus driver will be used for some duty. It would be best if you visited with the driver to see what duty he would be willing to take on. If the driver is unwilling to do anything, he/she should NOT be considered as a chaperone. A chaperone is someone willing to help with SLC.

NOTE: The V.I.P. Luncheon is open to Leads, Assistant Leads, Event Judges, Awareness Presenters, and CSO.

The reason for listing more than one event to judge is to avoid using your chaperones to judge your own FCCLA members - this makes most judges/chaperones uncomfortable.
